ABOUT ME

I am a **passionate Software Engineer** with over 2 years of experience specializing in **full-stack web development** using the **MERN stack (MongoDB, Express.js, React, Node.js)**, as well as **Flutter, SQL, Python, and Java**. I have designed and developed multiple projects, including **task management systems, e-learning platforms, donation websites, and portfolio websites**, focusing on delivering scalable, high-performance solutions.
I enjoy **solving complex problems, optimizing code, and creating user-friendly applications** that have a real-world impact. My experience spans from building **RESTful APIs** and managing databases to collaborating with cross-functional teams to deliver high-quality software solutions.
I am committed to **continuous learning, innovation, and turning ideas into functional, reliable applications**, while maintaining clean, efficient, and maintainable code.

WORK EXPERIENCE

🏢 MAKALLA TECHNOLOGY SOLUTIONS – ARBAMINCH, ETHIOPIA
SOFTWARE ENGINEER – 13/02/2025 – CURRENT

At **Makalla Technology Solutions**, I worked as a **Software Engineer**, contributing to the design and development of scalable applications. My key responsibilities and achievements included:
  • Developed **RESTful APIs** to support various web and mobile applications.
  • Built and maintained applications using the **MERN stack (MongoDB, Express.js, React, Node.js)**.
  • Designed and implemented the **Arbaminch Stadium Donation Website**, providing a secure online platform for users to make donations. The system included **real-time donation tracking, analytics dashboards, and detailed reports** for administrators to monitor contributions by date, donor, and campaign. Features also included automated summaries, transaction history, and visual insights to help optimize fundraising strategies.
  • Developed scalable web and mobile applications using MERN stack and RESTful APIs.
  • Built **Arbaminch Stadium Donation Website** with real-time tracking, analytics, and automated reporting.

🏢 PARKLAND COLLEGE – ARBAMINCH, ETHIOPIA
LECTURE – 01/09/2023 – 01/01/2025

  • Delivered lectures and guided students in Software Engineering courses.
  • Designed and prepared course materials, assignments, and assessments.
  • Mentored students, fostering teamwork, problem-solving, and critical thinking skills.
  • Supported curriculum development and contributed to departmental academic initiatives.
  • Assisted students in practical projects, bridging theoretical knowledge with real-world applications.

🏢 ARBAMINCH UNIVERSITY – ARBAMINCH, ETHIOPIA
MEMBER OF PEACE FOREM AT ARBAMINCH UNIVERISTY – 09/09/2020 – 18/07/2023

I was an active member of the Peace and Security Forum at ArbaMinch University, where I collaborated with other members to ensure the safety and well-being of the university community. Together, we worked diligently to promote peace and security within the campus environment, fostering a sense of unity and harmony among students and staff.

Our efforts were aimed at creating a peaceful and secure atmosphere conducive to learning and growth for all members of the university.
